Central Regional Health School

https://crhs.school.nz/

# of unique students – 406
Type of provider – School, public, special institution
Primary distance modality – Asynchronous

Background

The Central Regional Health School was established in 2000 as a 'special school.' It only serves students who have an (1) active treatment programme for their health condition or (2) be engaged in a health funded mental health programme with an active therapeutic programme. The Central Regional Health School serves students in the lower half of the North Island covered by Capital and Coast, Hutt Valley, Wairarapa, MidCentral, Whanganui and Hawke's Bay District Health Boards. The Central Regional Health School also provides the education programme for students at the Oranga Tamariki residences, Te Au rere a te Tonga in Palmerston North and Epuni in Lower Hutt.

Activity 2021

According to the *Education Counts* website, the school enrolment was described as so.

Level	Total
Year 8	0
Year 9	0
Year 10	1
Year 11	1
Year 12	3
Year 13+	8
Total	13

These figures included 4 students of Māori descent enrolled.

In terms of the actual nature of enrolment, the Central Regional Health School reported that in the 2021 school year the school enrolled a total of 406 unique students. Their lowest weekly enrolment was 255 unique students, and their highest weekly enrolment was 324 unique students.

The Central Regional Health School indicated that 373 of those 406 unique students were dual enrolled in their home school. Of these 373 students the home school was a public school for 363 students, a private school for 10 students, and Te Kura for 0 students. Additionally, there were 153 students

enrolled in Te Kura on a supplemental basis (i.e., enrolled in one or more courses, but not on a full-time basis). These figures also include 332 unique students who were enrolled in their Community Health programming.

Finally, there were 33 unique students who were not dual enrolled in their home school, but who were directly enrolled in the Central Regional Health School.

To summarise:

total enrolment: 406 unique students

1. lowest weekly enrolment: 255 unique students
2. highest weekly enrolment: 324 unique students

enrolment based on programming

3. dual enrolled in a home school: 373 unique students
4. dual enrolled in Te Kura: 153 unique students
5. directly enrolled in the Central Regional Health School: 33 unique students
6. enrolled in community health: 331 unique students
